

Real Furniture. Not a Skirted Table.

Grand Royale treats the portable bar like real furniture. Commercial-grade panels lock into single-panel, three-panel or reversible configurations, topped with a laminate surface built for a full night of heavy pour traffic — and engineered in the USA to reconfigure as fast as your event calendar changes.

THE SYSTEM

One Platform, Every Configuration

THE BAR · 6' AND 7' FOLDING SECTIONS

Two Looks, One Kit

The workhorse section. Reversible panels give you a clean single-panel HPL face for decals, logos and sponsor signage on one side, and a textured three-panel front on the other. Flip it to match the room — no second purchase.

- **Reversible Front:** single-panel HPL or three-panel texture, same kit.
- **Brandable Surface:** decals and sponsor graphics apply and peel clean.
- **Folding Legs:** lock into panel sockets, no tools, fold flat to store.
- **HPL Top:** shrugs off wipe-downs, spills and a full night of pouring.

AT A GLANCE

Widths	72" · 78.5" · 84"
Depth	28.75" – 33.75"
Height	41"
Weight	132 – 148.6 lbs
Top	High-Pressure Laminate
Shelf	Included

THE CURVE · QUARTER ROUND SERPENTINE

Turn the Corner

An 84-inch quarter round that shapes the run and smooths guest approach lines. Specify the three-panel version for weddings, galas and banquets, or the single-panel version when the front needs to carry branding.

- **Three-Panel Curve:** structured, upscale finish that photographs cleanly.
- **Single-Panel Curve:** smooth HPL front built for decals and sponsor logos.
- **Flush Top Option:** finished presentation with no added facade panels.
- **Folds for Storage:** breaks down flat and stacks between bookings.

AT A GLANCE

Width	84.75"
Depth	26"
Height	41.25"
Weight	135.12 lbs
Ships As	2 boxes · 164.37 lbs
Fronts	3-panel or single

THE SET · SIX KITS, 22 TO 50 FEET

Sized to the Room

Six named sets built from the same platform, from a 22-foot pop-up to a 50-foot flagship run. Panels butt together with no visible gap, and two people bring a standard platform up in ten to twelve minutes.

- **Six Run Lengths:** 22', 24', 28', 32', 34' and 50' sets.
- **Two-Person Load-In:** 10 – 12 minutes for a standard platform.
- **Three Finishes:** White, Sage Green and Black across the line.
- **Tool-Free Connections:** sections lock together without hardware.

AT A GLANCE

Runs	22' – 50'
Pieces per Set	4 – 11
Fronts	Single · Three · Reversible

FINISHES

White

Sage Green

Black

Touch-up paint is color-matched at any Sherwin-Williams store — bring the color match sheet and the codes for your finish.

WHY IT WORKS

Built Around How You Actually Operate

Folds Flat

Less warehouse clutter, more bars per truck — foldable sections cut bulk, fuel and load-in time.

Reversible Panels

Two looks from one kit: brandable HPL on one side, textured three-panel on the other.

Two Quarter Rounds

Three-panel for weddings and galas, single-panel for tight venues and sponsor branding.

Two Post Heights

31" for presence and serving space, 24" for pop-ups and modular layouts.

10–12 Minute Setup

Two people, no special tools — panels butt flush with no visible gap or seam.
