AVAILABLE IN A WIDE RANGE OF COLORS

Marquee dance floor panels and aluminum edge rails are available in a wide range of colors. The finishes shown in this spec sheet are only a sample and do not change the dimensions, weight capacity, or any other specification listed in this document. For our complete color offering, contact your local dealer or view our online catalog.

White Dance Floor 4x4ft HPL (Laminated) Top

PRODUCT DETAILS & OVERVIEW

The 4'x4' White Dance Floor Panel is a go-to choice for elegant, modern events. Its HPL laminated surface offers a polished, clean appearance with commercial-grade resilience.

Key Features and Benefits

- **White Gloss Surface:** Bright finish enhances visual space and décor.
- **Stain-Resistant Laminate:** Keeps clean even after long event days.
- **Edge-Compatible:** Works seamlessly with all standard Marquee frames.
- **Tool-Free Setup:** Pairs with camlock rails for fast installs.
- **4x4 Modular Format:** Flexible configurations for any venue layout.
- **Built for Rental Use:** Strong enough for repeat commercial deployment.

WARRANTY

4 Year Total Coverage — 2 Year Limited Warranty plus 2 Year Extended Warranty for a total of 4 years coverage

Our limited warranty ensures furniture is free from defects in materials and craftsmanship for the specified period, covering the original purchaser only. It excludes damage from misuse, improper maintenance, normal wear and tear, or environmental factors. If eligible, we will repair, replace or provide parts at no cost, covering all shipping and handling fees. See our Warranty Policy for more details.

Dance Floor Cart Holds up to 24 Panels with Extra Wide 6" Wheels

PRODUCT DETAILS & OVERVIEW

This Hunter Green dance floor cart is engineered to move and store up to 24 panels with better control, less labor, and reduced risk of panel damage. Its 6" extra wide wheels are built for heavy loads and smoother rolling across uneven venue surfaces, ramps, and thresholds. A strong choice for rental fleets and venues that build dance floors often, it supports faster setups, cleaner storage, and reliable transport from warehouse to event site.

Key Features and Benefits

- **Up to 24 Panel Capacity:** Holds complete dance floor sets in one cart, helping crews stage inventory efficiently and reducing the time spent gathering panels before loading and setup.
- **6" Extra Wide Wheel Stability:** Wide wheels provide a stable base and improved traction, helping heavy stacks roll straighter and with less vibration across mixed surfaces and venue transitions.
- **Event Turnaround Efficiency:** Speeds up load in and strike by keeping panels consolidated, reducing manual handling, and supporting repeatable workflows for weddings, galas, and corporate events.
- **Reduced Panel Wear and Damage:** Keeps panels stacked and controlled during transport to help minimize sliding, edge impact, and corner abrasion that can shorten the life of dance floor inventory.
- **Hunter Green Identification:** Hunter Green finish helps carts stand out in busy warehouses and trucks, making it easier for teams to spot the correct cart quickly during multi kit load outs.
- **Storage Lane Optimization:** Creates a neat, compact storage solution that supports better warehouse layout, easier counting, and quicker retrieval of the right panel set for each job.

WARRANTY

10 Year Total Coverage — 5 Year Express Wheel Replacement plus 9 Years of Extended Frame Warranty for a total of 10 years coverage

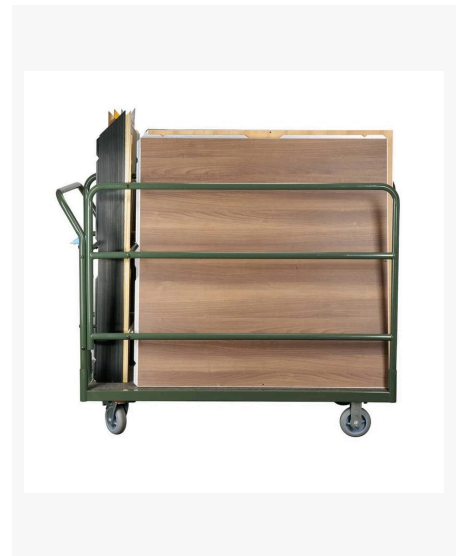

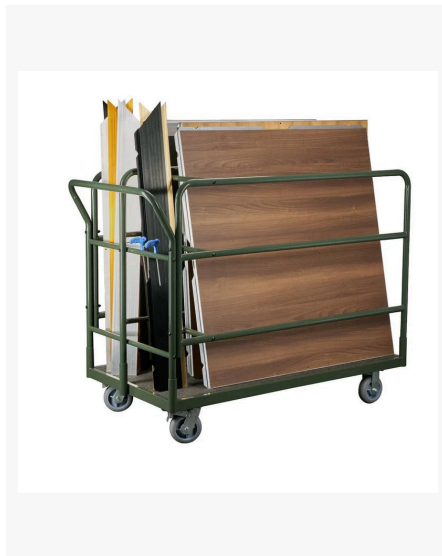

Our 5 Year Express Wheel Warranty guarantees replacement of any wheel that fails due to a manufacturer defect—no questions, no hassles. Just send us a photo of the issue, and we'll ship your replacement wheel immediately at no cost to you. Our limited warranty ensures furniture is free from defects in materials and craftsmanship for the specified period, covering the original purchaser only. It excludes damage from misuse, improper maintenance, normal wear and tear, or environmental factors. If eligible, we will repair, replace or provide parts at no cost, covering all shipping and handling fees. See our Warranty Policy for more details.

Silver Aluminum Rail for Dance Floor Left Male Corner with Camlock

36" Dance Floor Cam Lock Wrench Hex Key to Connect Panels and Edges

TECHNICAL SPECIFICATIONS

SKU

DF-WRENCH2-AX

PRODUCT DETAILS & OVERVIEW

Support dance floor setup and breakdown with this 36" hex key dance floor handle. Designed for compatible dance floor systems, the longer handle gives event crews better reach and leverage when tightening or loosening floor connections during installation. A practical replacement or backup tool for venues, rental fleets, production teams, and event operations that regularly build and remove temporary dance floor layouts.

Key Features and Benefits

- **Dance Floor Tool:** Designed for compatible dance floor installation and breakdown tasks.
- **36" Handle Length:** Longer handle provides better reach and leverage during setup.
- **Hex Key Design:** Helps tighten or loosen compatible dance floor connection hardware.
- **Event Crew Utility:** Practical for fast floor assembly, disassembly, and room turnover.
- **Replacement or Backup Tool:** Useful to keep on hand for rental fleets and venue operations.
- **Setup Efficiency Support:** Helps crews maintain smoother workflow when building temporary dance floor layouts.

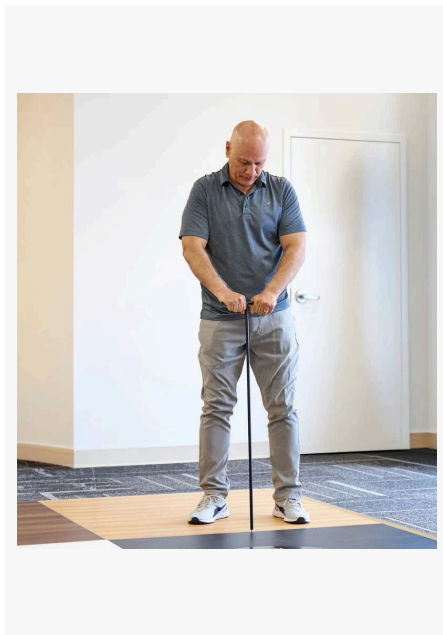

WARRANTY

1 Year Limited Warranty

Our limited warranty ensures furniture is free from defects in materials and craftsmanship for the specified period, covering the original purchaser only. It excludes damage from misuse, improper maintenance, normal wear and tear, or environmental factors. If eligible, we will repair, replace or provide parts at no cost, covering all shipping and handling fees. See our Warranty Policy for more details.
